## PROPERTY DESCRIPTION

Just one block off the beach, this 3 bedroom, 3 bath home has many possibilities. The ground floor is set up like an apartment with its own kitchen, living area, bedroom and bath. This would also be great as an office area for the person who likes to work out their home. Upstairs houses the main living quarters and is elegantly furnished. There are cathedral ceilings, a fireplace with travertine tiled hearth, split-bedrooms, granite countertops and a large balcony! To top it off (literally) is a pretty crow's nest where you can enjoy the fresh sea breeze while watching the sun set over the Gulf of Mexico. This home is a unique home with many outstanding features! Buyers should confirm what is important to them. Age, sqft, room and lot sizes are approx.
